 Choose any 6 of these dates!

Details

**Schedule 6 private
30-minute lessons⁺
(virtual*, in-person, or
any combination of these)
for your child for a
total cost of \$180.****

Please note:

You must reserve **six 30-minute lesson slots⁺** for each child for whom you wish to reserve a fall lesson slot. Siblings *may not* share one summer lesson slot.

Should scheduling conflicts occur, you may change a reserved lesson slot for another available slot up to seven days prior to the lesson. At that time, the week's schedule will be locked in. **No make-up lessons** will be available.

⁺(or any combination of 60-minute and 30-minute lesson slots totaling 180 minutes)

*Virtual lessons take place via the **Google Meet** app which families will need to download.

**Price includes piano lesson tuition, the summer registration fee (covers expenses for materials and prizes), and the cost of music I purchase for your child.

FAQ's about summer piano

- **Why should I register my child for summer piano?**
Besides the fact that summer piano lessons are **F-U-N**, summer lessons offer a relaxed environment for your child to learn/maintain/review/build piano skills. **Additionally, home studio families who register their child for six summer lessons receive priority when scheduling that child for fall lessons.**
- **How do I register my child for summer piano lessons?**
You will receive a link to an online summer piano registration form. Once I receive both the enrollment form AND your summer piano payment (**\$180 per student**), I will send you a link to an online calendar where you can sign your child up for lessons (in-person or virtual) on the days you choose at the times you choose. Families that register early get first pick of available lesson days and times.
- **When do I pay for summer lessons?**
Piano families **PRE-PAY** for summer lessons. You may mail or drop off your **check for the total balance due for summer lessons** (make checks payable to **Karen Hunter**). Once I've received your payment, I'll send you the link to the online calendar to choose your child's piano lesson days and times.
- **If we miss a scheduled summer lesson, can we reschedule the lesson?**
Since you are scheduling your own child's piano lesson days and times, I will assume that you are choosing days and times that work for your family—dates that avoid family vacations and summer camps. Therefore, **NO** make-up lessons will be available. However, your reserved lesson slots may be changed up to seven days prior to the lesson. At that time, the schedule will be locked in.
- **What is the procedure for in-person lesson arrival and pick-up?**
Parents, drop your children at the bottom of my driveway and have them walk to my front door. For the safety of all of my students, **do NOT pull up my driveway to drop off, wait for or pick up your child**. Feel free to park on the street, but **leave adequate room in front of our mailbox so the mail carrier has easy access**. Students may walk right in—there is no need to knock or ring the bell. Students should leave their shoes on the mat outside the front door and go directly into the piano room to await their lessons. When the lessons are over, students may wait in the entryway or outside for their rides.
- **What should parents/siblings do during piano lessons?**
Piano students should be dropped off for lessons and picked up again when their lessons are over. Siblings who are waiting for their lesson turns may wait in the piano room. Bring books or quiet electronics to pass the time.
- **In-person piano lessons post-pandemic**
Students will be asked to **sanitize their hands** when they arrive for their lessons and when they leave. **The keyboard will be sanitized often. Snacks and drinks are not allowed** in the piano room. Students who are symptomatic on their lesson day (fever, runny nose, sore throat, fatigue, etc.) should **stay home** and request a virtual lesson via the **Google Meet** app. Thank you for doing your part to keep my students and me safe and healthy!
