

### What KiddyKeys is NOT

- **KiddyKeys** is NOT a weekly one-on-one traditional music lesson.
- **KiddyKeys** does NOT expect practice time at home or that you even own a piano or keyboard.
- **KiddyKeys** is NOT going to teach your preschooler how to play Mozart sonatas. However, your child will learn who Mozart is, learn a song that spells his name, and discover that he gave us great musical gifts.
- **KiddyKeys** does NOT present information in only one form. Children learn in many different ways, so **KiddyKeys** strives to incorporate activities for aural, visual, and kinesthetic learners.

# What IS KiddyKeys?

- **KiddyKeys** IS a weekly class for children ages 3 to 5 who love music.
- **KiddyKeys** IS piano-focused and gives children skills that prepare them for formal music lessons should they be interested as they get older.
- **KiddyKeys** IS a program that offers your child a chance to play at a piano keyboard each week.
- **KiddyKeys** IS aware that preschool children learn through play so the classes are designed to appeal to a child's natural sense of creativity and fun.
- **KiddyKeys** IS thinking about your child as a whole and works to include important, age-appropriate life lessons (e.g. sharing, being polite, taking turns) in the classes.

## How to register your child for a **KiddyKeys** class:

- ◆ Email **Karen Hunter** (karenhunterpiano@gmail.com) or **Kris Lund** (klund@tds.net), **KiddyKeys** teachers at *Westside Christian School*, to indicate your interest in the **KiddyKeys** program and to verify class availability
- ◆ Once your child's participation in the program has been confirmed, complete a **KiddyKeys** Registration Form and drop it, along with the **\$25 registration fee**, into the dropbox in the atrium

## **KiddyKeys** at *Westside Christian School*
